Watch “Welcome to Quantum University”
Video Address by Dr. Paul Drouin

A woman in a black graduation gown is captured mid-jump, her arms outstretched and a joyful expression on her face. She is holding a black mortarboard cap in her right hand. The background is a grand, classical building with stone columns and arches, decorated with small Christmas trees. The scene is brightly lit, suggesting a sunny day.

At Quantum University, we believe that everyone must be educated in **how to heal themselves and others.**

We offer online courses and **degree programs** in holistic, alternative, natural, and integrative medicine.

This new medical curriculum, designed by Dr. Paul Drouin, qualifies our graduates to become **credentialed by many accredited certification boards.**

Our education, from **renowned faculty members,** is based on quantum physics, the science that provides a model to understand our universe and, therefore, a model to understand healing.

Transform your passion into action. Join a movement to change the world and together we will build a new future for medicine, **one student at a time.**

Quantum University

735 Bishop St. Suite 200

Honolulu, Hawaii, USA

Phone: 877-888-8970

info@quantumuniversity.com

www.QuantumUniversity.com

Quantum University is the world's largest institution of higher learning to provide online degrees and certification programs in holistic, alternative, natural, and integrative medicine based on the science of quantum physics.

Learn About Us

Quantum University, established in 2002, has served over eleven-thousand students in more than 118 countries with local, international, and multicultural staff, supportive student mentors, and world-renowned faculty members.

Discover Our History

Quantum University's mission is to build a new future for medicine, one student at a time. We believe that the right to heal belongs to everyone and that learning to practice optimal health will help change today's healthcare system.

Read Our Mission

Quantum University is an online degree-granting institution located in the State of Hawai'i in downtown Honolulu, in the historic Dillingham Transportation Building across from the iconic Aloha Tower.

Aloha From Hawai'i!

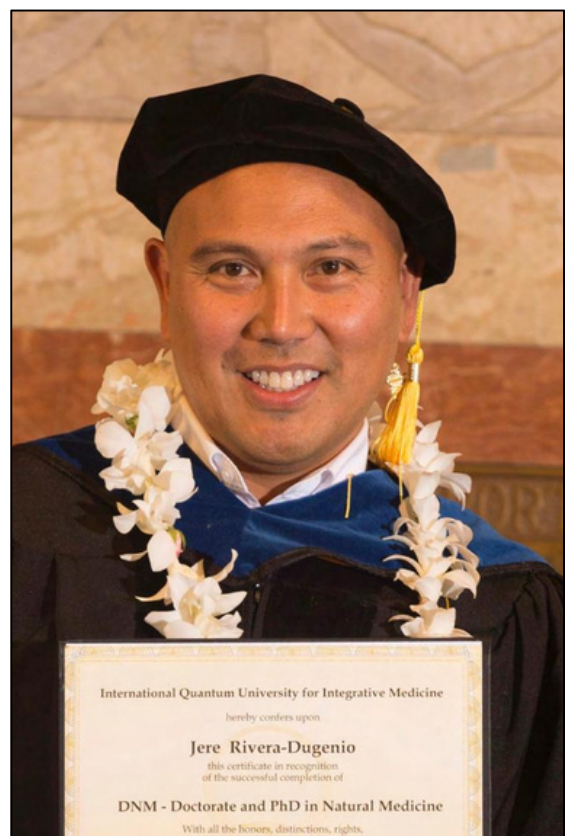

Building the Future of Natural Medicine One Student at a Time

"Attending Quantum University online was the best decision I've ever made. I would definitely, and I have already recommended Quantum University to a friend."

Dr. Jere Rivera-Dugenio
Doctorate and PhD in Natural Medicine

"I would totally recommend and encourage anyone who's looking into the field of natural medicine or integrative medicine to definitely look at Quantum University."

Tracy Power

Bachelor in Holistic Health Sciences

Career

Acquire leading-edge knowledge and practical skills that are in high demand in today's healthcare industry, which you can directly apply to achieve your professional career goals.

PhD

Earning a PhD degree allows you to use the title "Dr." and gives speakers, authors, and experts the opportunity and credibility to write and lecture professionally and gain the respect of their peers.

Specialty

Adding a credential in Integrative Medicine and the title of PhD is highly beneficial and practical to healthcare professionals such as doctors and nurses looking for more recognition and prestige.

Credentials

Qualify for healthcare credentials that enhance your professional career and lead to social and professional recognition in the academic world, your field of practice, and the health industry.

Authority

Becoming board certified in your professional field confirms you as an authority in the domain of integrative medicine and increases your potential for advancement in your career.

Education

Learn from world-renowned faculty members and study an integrative medical curriculum through online videos, documents, exams, and other innovative learning technologies.

Insurance

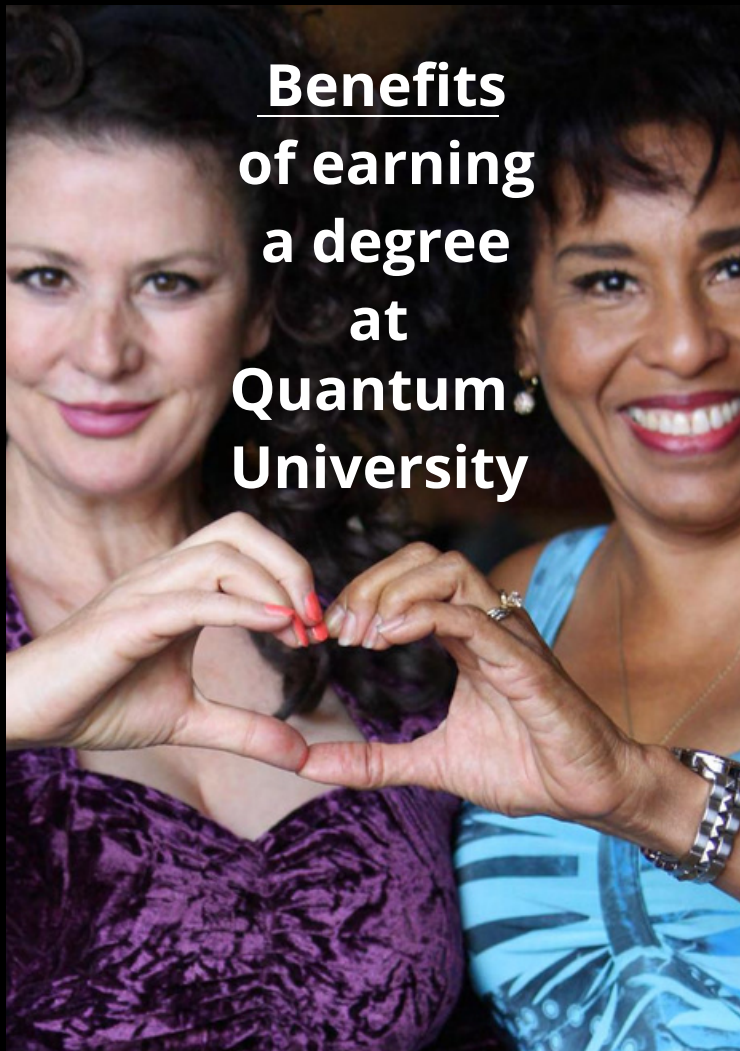

Become eligible for group rates on malpractice and liability insurance and reimbursement of service fees by insurance companies, depending on the country and certification board.

Practice

Depending on educational background and the board certification, a scope of practice can allow certified practitioners to open a new wellness center or expand an existing clinic.

Potentiality

Gain knowledge and practical skills to evaluate bio-vital-mental-spiritual health parameters to get a vision of the individual not only in terms of disease but also in terms of their full potentiality.

Expediency

Reach your educational and clinical career goals much faster than you ever imagined with our Super Learning technology, online education platform, and fast-track degree programs.

Affordability

Our tuition is a fraction of the price of other institutions. Benefit from our affordable payment plans tailored to fit most budgets, and earn Tuition Awards to further reduce your tuition.

Convenience

Attend your online classes at any time, in any place, and at any pace that fits your busy lifestyle through an online student coursesite with video courses and portable Smart Tab Education.

Recognition

Become affiliated with professional organizations to take advantage of numerous membership benefits, including being listed in their membership directory.

Respect

Choose a degree program that will qualify you to become certified by many respected and prestigious professional associations, organizations, and certification boards.

Prestige

Gain the prestige of qualifying for membership in vanguard organizations and boards that are composed of highly-trained professionals with high ethical principles.

Worldwide

Gain professional credentials and recognition throughout North America, with access to international accreditation in many other countries throughout the world.

Meet Our Alumni

Dr. Tara Deniz graduated with a Doctorate and PhD in Integrative Medicine and is also a Certified Holistic Cancer Practitioner. She has built a successful wellness center in Ontario, Canada.

[Watch Spotlight Video](#)

Dr. Keith Tong completed his PhD in Integrative and Natural Medicine. He has created a successful business, *Total Vitality Centre*, with the use of technology playing an important role.

[Watch Spotlight Video](#)

Dr. Jyun Shimizu & Dr. Isabel Perez graduated with a Doctorate and PhD in Integrative Medicine. Together they founded "Isamizu", to create awareness of wellbeing.

[Watch Spotlight Video](#)

Dr. Otilia Tiutin received her Doctorate and PhD in Natural Medicine and opened her own practice, "Holistic Center for Natural Healing", offering care with a Holistic Quantum Medicine Approach.

[Watch Spotlight Video](#)

Dr. Ezzat Moghazy completed his PhD and Doctorate from Quantum University, and is the Founder of 'My Best Healer' located in Denver, Colorado.

[Watch Spotlight Video](#)

George Farrah received his Bachelor of Holistic Health Sciences and is an international wellness guru, nutrition consultant, and fitness trainer with a successful career in the field of bodybuilding.

Be the Future of Health Care!

“Quantum University is professional, affordable, and supports me in my practice.”

Dr. Diane Blackburn

Doctorate and PhD in Natural Medicine

Dr. Diane Blackburn earned a Doctorate and PhD in Natural Medicine. Together with her husband, **Dr. John Blackburn**, they own “Qwest 4 Health” Clinic in Surrey, BC, Canada.

Quantum University's Degree Programs

Degree Programs:	Degree Tracks:
Bachelor in Holistic Health Sciences Master in Natural Medicine Doctorate in Alternative Medicine PhD in Integrative Medicine	Bachelor to PhD in Natural Medicine Master to PhD in Integrative Medicine Doctorate and PhD in Natural Medicine Doctorate and PhD in Integrative Medicine

Bachelor in Holistic Health Sciences

Graduates of our Bachelor in Holistic Health Sciences degree program qualify for the certification: Holistic Health Practitioner (HHP), certified by the American Association of Drugless Practitioners (AADP).

Master in Natural Medicine

Graduates of the Master in Natural Medicine degree program qualify for the following certification: Holistic Health Practitioner (HHP), certified by the American Association of Drugless Practitioners (AADP).

Fast Track Bachelor to PhD

Doctorate and PhD in Natural or Integrative Medicine

Graduates of the Doctorate and PhD in Natural Medicine degree program qualify for board certification as a Doctor of Natural Medicine (DNM), certified by the Board of Natural Medicine Doctors and Practitioners (BNMDP), and as a Board Certified Doctor of Natural Medicine (BCDNM), certified by the American Naturopathic Medical Certification Board (ANMCB). Graduates of the Doctorate and PhD in Integrative Medicine degree program qualify for the title of Doctor in Integrative Medicine (IMD), certified by the Board of Integrative Medicine (BOIM). In addition, the Doctor and PhD in Integrative and Natural Medicine, respectively, qualify graduates for the title Board Certified Doctor of Integrative Medicine (BCDIM).

Average Duration of Programs

With 7 to 10 hours of study each week, the following degree programs and tracks can be completed in:

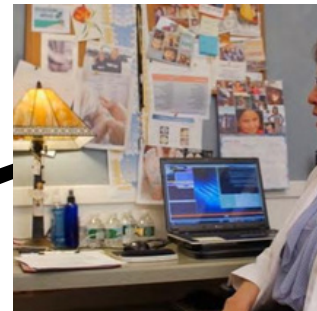

Degree Programs	Degree Tracks
Bachelor's in 1 to 2 year Master's in 1 year Doctorate in 2 to 3 years PhD in 1 to 2 year	Doctorate and PhD in 2 to 3 Years Bachelor to PhD in 5 to 7 Years

Quantum University's educational programs are tailored to the practical and clinical needs of our students. Individual degree programs can also be combined into **Degree Tracks** classified as "Fast Track" or "Professional Track." These tracks, as well as our **Completion Degrees**, expedite the completion of your programs.

Quantum University offers degrees in both **Natural Medicine and Integrative Medicine**. The curriculums are the same for both programs. The title is dependent on previous educational experience and the certifying boards. In North America, the degree program titled for Integrative Medicine is reserved for licensed doctors, nurses, and other healthcare professionals. The PhD dissertation requirement is 100-150 pages.

We offer a **Dissertation Methodology** course designed to help you understand how to write a thesis or a dissertation.

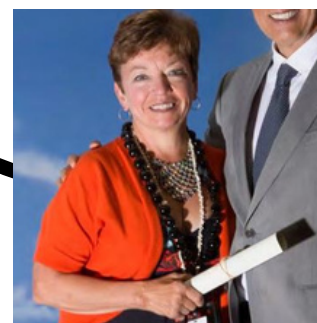

A **Dissertation Professor** is assigned to guide you through the process of creating, researching, writing, and grading your thesis work at Quantum University.

**Education

Success**

Graduation Ceremony

Congratulations! Quantum University holds several online graduation ceremonies. This is a time to celebrate your great accomplishment with your family, friends, fellow students, and faculty members.

To help you start, your **Student Mentor** will first walk you through your program and show you how to begin your studies during your **Welcome Call**.

We also have a qualified **Student Mentor Team** ready to answer all your questions.

Upon enrollment, you will receive your username and password to login to your **Student Coursesite** and a link to the **Student Orientation** page where you can watch informative videos to help you get started.

Student Center

Our **Education Platform** is 100% online, self-paced, and user-friendly.

Each program on your student coursesite has a **Degree Progress Report** to organize your advancement through your curriculum. All degree programs consist of **Online Courses** such as:

- **Video Courses**
- **Textbook Courses**
- **Practicum Course**
- **Dissertation Projects**

You can access all online courses on your **Computer and Mobile Device**.

Watch "Virtual Tour" Video
of Quantum University

Your Student Experience

- **Innovative Education** produced **with world-renowned faculty members**.
- Most video courses include a total of **12 to 20 hours** of video lectures.
- Printer-friendly **Course Documents** include all the course charts, slides, protocols, handouts, diagrams, images, and presentations. These videos are in-depth and feature **practical cases** with professional **client demonstrations**.
- **BrainTap** consists of specialty glasses equipped with pulsating lights combined with visualization. When using the device, the BrainTap will help you become motivated, think clearly, stay focused, and easily recall what you've learned.
- Your tablet comes to you fully loaded with up to **250 hours of videos** and all the **course documents**.
- Each Smart Tab Device is **customized specifically for each student**, depending on their program.
- These videos are produced in **virtual studios** with beautiful presentations, cursor indications, and graphic animations.
- Individual videos vary in length from 2 minutes to 2 hours.
- Textbook courses are based on a required textbook, to be purchased separately.
- Some video courses include written transcripts of the lecture.
- You can pause, rewind, and fast-forward the videos at any time.

- To complete an Online Course and download a **Certificate of Completion**, you must read and review the required materials (including any course documents/printouts, textbooks, lecture videos, articles, and other provided written materials) and then pass all required course exams. Passing scores for exams vary between 70%, 80%, or higher depending on the course. Once all your courses are marked as complete, you can begin your **Graduation Process**.

"I study in my free time and when I want without interrupting my work or sacrificing my family."

Anrea Gonzalez

Quantum University has a one-of-a-kind curriculum with a very distinguished faculty. Its faculty members include several of the most renowned and recognized leaders, experts, and founders in their scientific disciplines, making Quantum University a leader in natural and integrative medicine.

Subject Matter Experts

Dr. Paul Drouin, M.D.

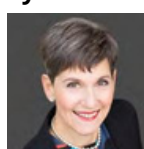

Canadian medical doctor, PhD in Integrative Medicine, author of *Creative Integrative Medicine*, and president and founder of Quantum University.

Dr. Amit Goswami, PhD

Quantum physicist, professor, lecturer, bestselling author of *The Quantum Doctor* featured in *What the BLEEP Do We Know!?* and *The Quantum Activist*.

Lynne McTaggart

Bestselling author of *The Field* and *The Intention Experiment*, popular researcher, lecturer, and journalist whose work bridges science and spirituality.

Dr. Joe Dispenza, DC

Author of many bestselling books, expert from *What the BLEEP Do We Know!?*, chiropractic doctor, and eminent lecturer on neuroscience and quantum physics.

Dr. Patricia Knox, PhD

Doctor of Natural Medicine, Senior Dissertation Mentor, and Ambassador for Saudi Arabia in the World Organization of Natural Medicine.

Dr. Patrick K. Porter, PhD

Award-winning author of *Awaken the Genius*, leading entrepreneur, speaker, and expert in mind-based medicine, NLP, and hypnotherapy.

Dr. Bruce Lipton, PhD

Biologist and bestselling author of *The Biology of Belief*, known for the idea that genes are influenced by belief and DNA does not control biology.

Dr. Christos Kyparissis, IMD, PhD

Doctor of Integrative Medicine with a master's degree in neuroanatomy and neurophysiology using the holistic approach to help people achieve optimal health.

Dr. Yuri Kronn, PhD

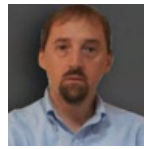

World-renowned researcher, theoretician, inventor, author, human rights activist and organizer, and a leading professor in the field of subtle energy.

Dr. Terry Oleson, PhD

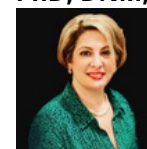

Internationally-known author, lecturer, and pioneer in the field of auriculotherapy who wrote the essential textbook on Chinese and Western ear acupuncture.

Dr. Gaetan Chevalier, PhD

Engineering physicist, professor, author, and research scientist in the fields of fusion and plasma physics, biophotons, biofield, and electrophysiology.

Rebecca Sherry Eshraghi, PhD, DNM, BBA

Doctor of Natural Medicine, published researcher and lecturer in the field of Microbiome and the Gut-Brain Connection.

Matthew Wood, M.S.

Well-known herbalist, author, consultant, international teacher, and gardener.

Bryant Meyers, M.A.

Bestselling author and leading expert in the field of energy medicine and PEMF therapy.

Estelle Thomson, M.A.

Leading yoga teacher and educator in the intersecting fields of expressive arts, embodied movement, and psychology.

Dr. Bindu Babu, IMD, PhD

Successful author, integrative physician, and quantum-based transformational coach.

Cindy Bloomfield, PhD, DNM, HHP

Doctor in Natural Medicine, an expert in health, nutrition, and CPR, and teacher in holistic health sciences, holistic nutrition, and various leadership courses for schools of health sciences.

Michaela Conley, M.A.

Adjunct faculty, coach, and entrepreneur specializing in evidence-based tools in neuro-meditation, neuro/biofeedback, energy psychology, lifestyle medicine, health education/promotion, and happiness science.

Prior Notable Guest Speakers

Gregg Braden

Bestselling author of *The Spontaneous Healing of Belief*, and internationally-renowned speaker and pioneer in bridging science and spirituality.

Dr. Rollin McCraty

Internationally-recognized authority on heart-rate variability and heart-rhythm coherence, and director of research of the HeartMath Research Center.

Nassim Hamein

Physicist, researcher, pioneer of unified field theory, and inspiring speaker on new energy, applied resonance, life sciences, and consciousness studies.

Dr. Joan Borysenko, PhD

World-renowned expert in the mind/body connection, bestselling author of *Minding the Body*, *Mending the Mind*, and popular speaker in the field of nutrition.

Dr. Bernie Siegel, MD

Retired pediatric surgeon, internationally-recognized expert in the field of cancer and holistic medicine, and bestselling writer about the healing process.

Rupert Sheldrake, PhD

Biologist, author, speaker, and researcher in the field of para-psychology, best known for his hypothesis of morphic fields and morphic resonance.

Natalie Ledwell

Bestselling author, TV host, world-renowned speaker, and the creator of a visualization tool for harnessing the power of the mind to manifest intentions.

Dr. Masaru Emoto

Researcher who authored the famous book *Messages from Water* and established that human consciousness has an effect on the molecular structure of water.

Dr. Lissa Rankin, MD

Bestselling author of *Mind Over Medicine*, spiritual seeker, and well-known speaker on the power of the mind in healing featured on PBS and TEDx Talks.

Dean Radin, PhD

Chief Scientist at the Institute of Noetic Sciences (IONS) and award-winning author of parapsychology bestsellers such as *The Conscious Universe*.

David Wolfe

Rock star of the superfoods world, author of many bestselling books on nutrition, and highly sought-after health advocate with a huge social media following.

Students can immediately apply this valuable, real-world experience to their existing or future careers.

Through Quantum University's online video courses, students have the unique opportunity to study directly from pioneers and revered professors in the many different modalities of integrative medicine.

"The emergence of Integrative Quantum Medicine can't be played as a solo but must be played as a collective symphony – as an orchestra." – Dr. Paul Drouin

What Will I Learn?

As a student, you will be inspired by this unique curriculum in natural and integrative medicine, and learn many science-based subjects, technologies, and protocols that will empower you with the knowledge, language, and confidence to work successfully with clients and help others in need.

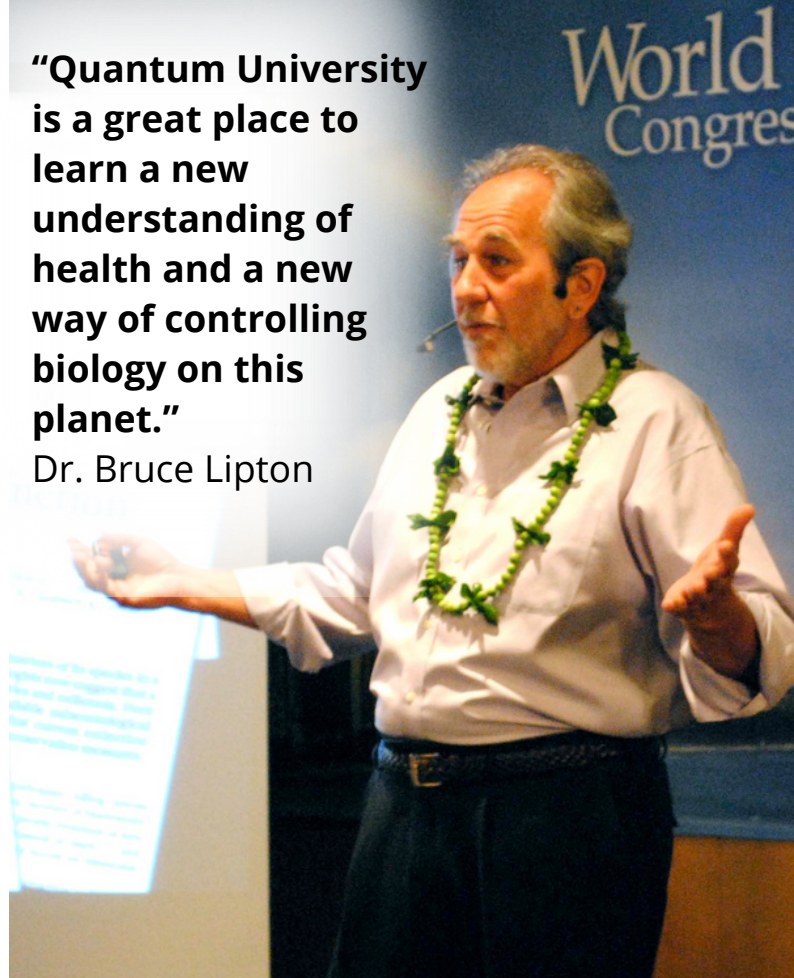

- Biology of Belief with Dr. Bruce Lipton
- Quantum Physics and Health with Dr. Amit Goswami
- Pro-Consciousness Medicine with Dr. Paul Drouin
- Holistic Anatomy with Dr. Paul Drouin
- Neuro Linguistic Programming with Dr. Patrick Porter
- Subtle Energy with Dr. Yury Kron
- Brain and Neuroplasticity with Dr. Joe Dispenza

Our video and textbook courses cover stimulating topics such as anatomy, aromatherapy, auriculotherapy biofeedback, biology, client relations and professional ethics, digital biofeedback, five pillars of health, hematology, Hamer medicine, heart rate variability, herbalism, homeopathy, homotoxicology, biology, neuro-linguistic programming (NLP), naturopathy, hormonology, neurofeedback, neurolinguistics, mind-based wellness, nutrition, Taoist medicine, and much more.

[Read More](#)

"Quantum University is a great place to learn a new understanding of health and a new way of controlling biology on this planet."

Dr. Bruce Lipton

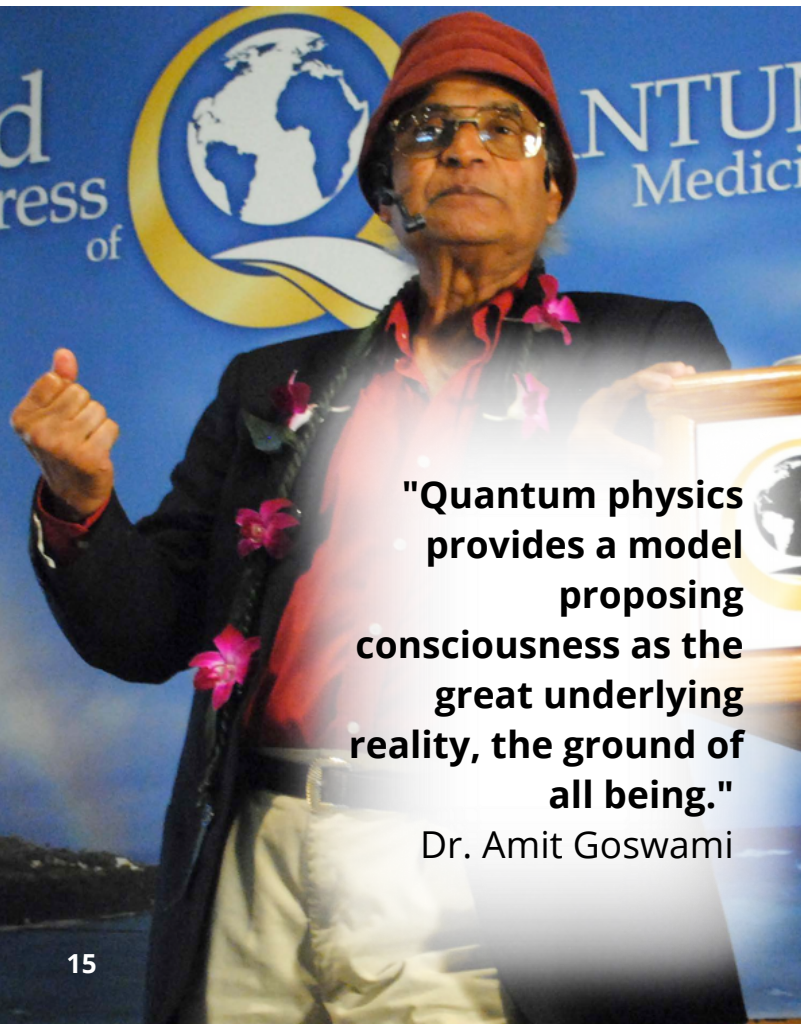

Integrative Medicine based on **Quantum Physics**

Quantum physics is the science that explains the nature and behavior of matter and energy on the atomic and subatomic level. It explains from the smallest particle how the entire universe works. The discoveries of quantum physics fundamentally changed how we perceive our entire reality and how we understand everything.

At Quantum University, we use quantum physics to explain how medicine works. In doing so, our student and graduates better understand health and disease. We believe that medical education must be transformed by a vision of health defined by quantum physics. It's not just about the smallest quanta particle. It's about understanding our entire universe, our reality, the field, consciousness, and how this understanding can be applied to improving how we practice medicine and how we heal each other.

World-class educators and leaders have come together to create an innovative new model of education and a curriculum that incorporates the key concepts of quantum physics. This curriculum provides us with a coherent, practical, and multidimensional model that is truly representative of the term Integrative Medicine.

[Read More](#)

"Quantum physics provides a model proposing consciousness as the great underlying reality, the ground of all being."

Dr. Amit Goswami

"It's been a good experience learning from this curriculum, and I've felt very inspired in learning through Quantum University with the introduction of consciousness into health care because that's had a tremendous impact on my life."

Kyle Joseph Johnson

Bachelor in Holistic Health Sciences

Certification Boards

Bachelor in Holistic Health Sciences

	Acronym	Board	Title	Certification
	AADP	American Association of Drugless Practitioners	HHP	Holistic Health Practitioner

Master in Natural Medicine

	AADP	American Association of Drugless Practitioners	HHP	Holistic Health Practitioner
---	-------------	---	------------	-------------------------------------

Doctorate and PhD in Natural Medicine

	BNMDP	Board of Natural Medicine Doctors and Practitioners	DNM	Doctor in Natural Medicine
	AMMA	American Alternative Medicine Association	AMP	Alternative Medical Practitioner
	ANMCB	American Naturopathic Medical Certification Board	BCDNM	Board Certified Doctor of Natural Medicine

Doctorate and PhD in Integrative Medicine

	BOIM	Board of Integrative Medicine	IMD	Integrative Medicine Doctor
	AMMA	American Alternative Medicine Association	AMP	Alternative Medical Practitioner
	ANMCB	American Naturopathic Medical Certification Board	BCDIM	Board Certified Doctor of Integrative Medicine

Quantum University's degree programs are accredited by many professional certification boards which issue professional certifications, credentials, and titles. Upon graduation from their degree programs, Quantum University students will apply directly to these boards to become certified. Becoming board certified provides a recognized title, member benefits, a scope of practice, professional credibility, and much more. Also, certain individual certifications can allow active students to generate clientele and income by offering various modalities while completing higher degrees at Quantum University.

What is a Scope of Practice?

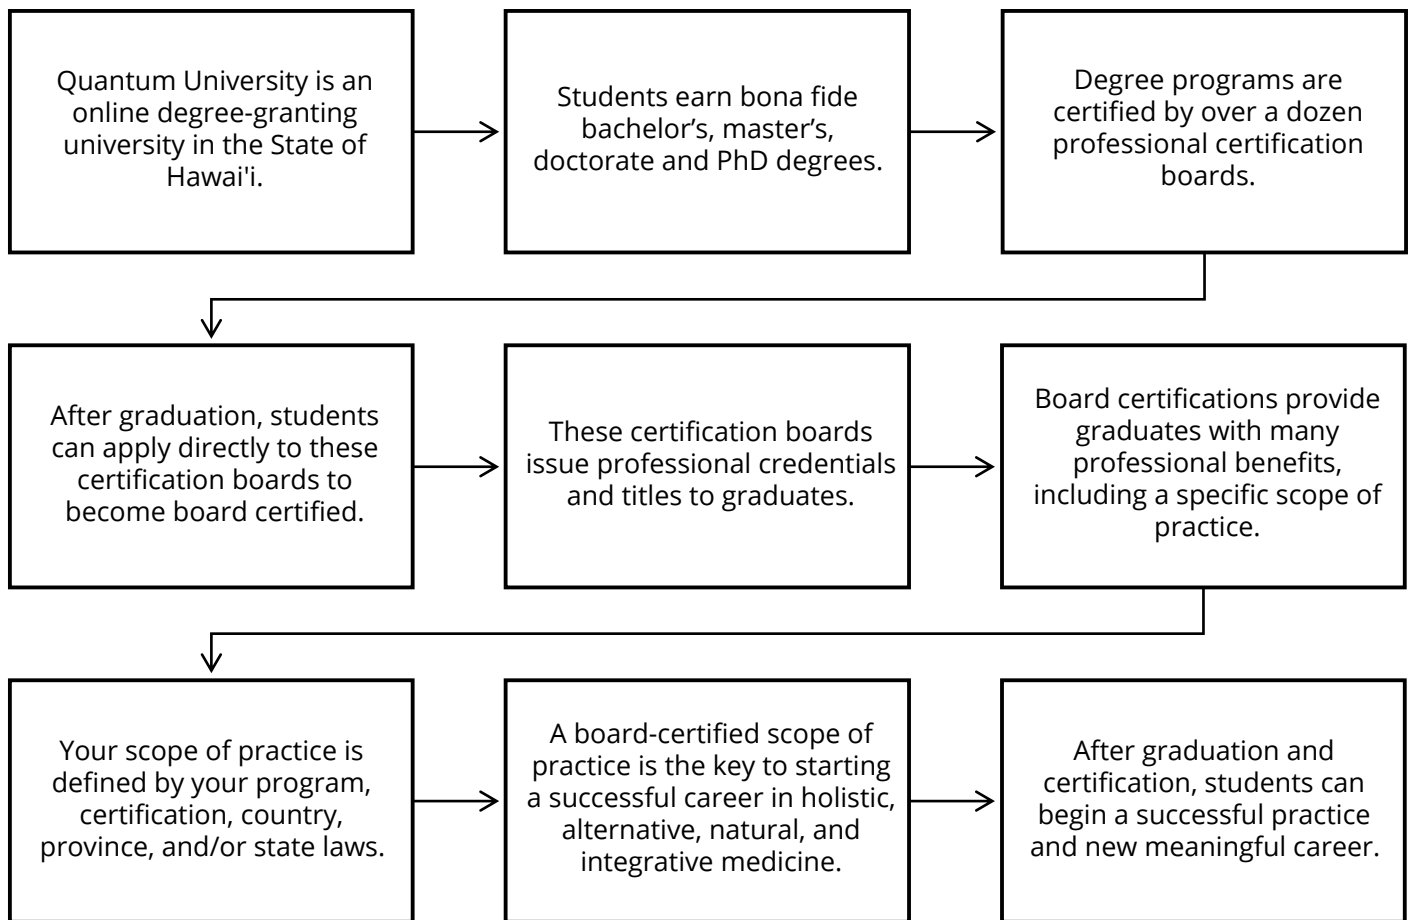

Depending on educational background, certification board, and professional certification, the scope of practice can allow certified practitioners to open a new wellness center or expand an existing clinic. Practitioners may obtain liability insurance, evaluate, coach, consult, suggest natural products, and offer the natural and/or integrative medicine modalities in accordance with their local, state, and federal laws, and the board and professional certification. Understanding the exact definition, benefits, and scope of practice limitations is very important. Students should visit the board they are interested in for a complete description of their scope of practice and other important information.

Accreditation

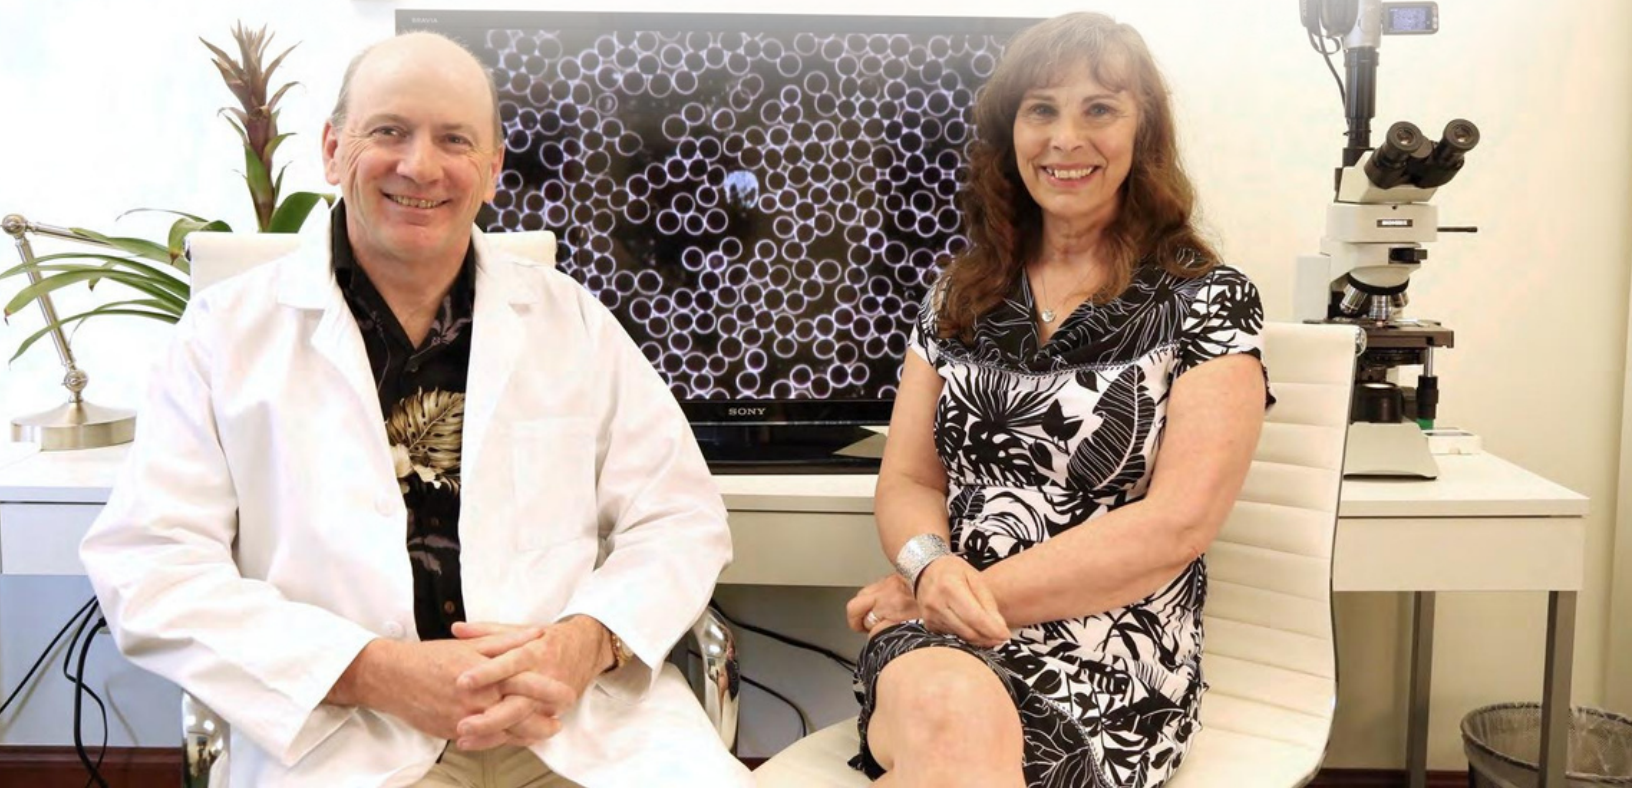

QUANTUM UNIVERSITY IS NOT ACCREDITED BY AN ACCREDITING AGENCY RECOGNIZED BY THE UNITED STATES SECRETARY OF EDUCATION.

Note: In the United States, many licensing authorities require accredited degrees as the basis for eligibility for licensing. In some cases, accredited colleges may not accept for transfer courses and degrees completed at unaccredited colleges, and some employers may require an accredited degree as a basis for eligibility for employment.

How does Quantum University work?

What can be my Career Path after graduation?

1) Start a Health and Wellness Practice

Doctor of Integrative Medicine (IMD)
Holistic Health Practitioner (HHP)
Board Certified Doctor of Integrative Medicine (BCDIM)

Doctor of Natural Medicine (DNM)
Board Certified Doctor of Natural Medicine (BCDNM)

After becoming board-certified, many Quantum University graduates go on to be self-employed and start or expand their own private practices in natural and integrative medicine from their homes or offices.

2) Enhance and Expand an Existing Career

Acupuncturists
Artists
Aromatherapists
Authors
Athletes
Biofeedback
Chiropractors
Counselors
Consultants
Dietitians
Doctors
Educators

Engineers
Healers
Health Coaches
Homeopaths
Herbalists
Hygienists
Hypnotherapists
Kinesiotherapists
Lecturers
Massage Therapists
Midwives
Naturopaths

Neurophysiologists
Nurses
Nutritionists
Optometrists
Practitioners
Paramedics
Pathologists
Personal Trainers
Professionals
Pharmacists
Physicians
Physicists

Physical Therapists
Psychologists
Reflexologists
Researchers
Scientists
Speakers
Specialists
Teachers
Therapists
Writers
Visionaries
Yogis

Practitioners with existing careers in health care can enhance and expand their scope of practice by integrating natural and integrative medicine into their work.

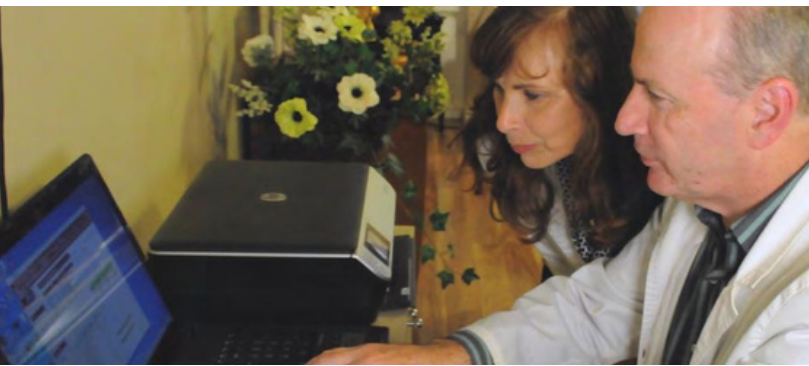

3) Seek Employment in the Health Industry

Health and Wellness Clinics
Homeopathic and Naturopathic Clinics
Massage and Chiropractic Clinics
Medical Facilities and Offices
Nursing Homes
Home Health Care
Fitness Institutes/Gyms
Therapeutic Spas

Education and Teaching
Public Speaking
Individual and Group Practice
Writing/Journalism
Health Food Stores
Menu Formulation
Research and Development
Rehabilitation Centers

Product Sales, Promotion, and Marketing
Manufacture and Distribution of Products
Developing Food Co-operatives
Organic Farming/Composting Programs
Private and Corporate Consulting
Nutritional Supplement Companies

Business-minded graduates have applied their Quantum University degrees by becoming more competitive in seeking in-demand jobs and careers in the growing health and wellness industry.

4) Earn Credibility and Authority with a PhD

Authors

Experts

Leaders

Lecturers

Speakers

With a PhD, a graduate receives the professional recognition and the respect of their peers by being called "Doctor." This title demonstrates to others that he or she is an authority in their field of study or practice.

We are very proud of the many ways our graduates have used their Quantum University degrees to change their own lives and the lives of the people they work with.

"I believe that Quantum University has one of the most cutting-edge programs out there that is really helping doctors create transformation in people's lives."

Dr. Otilia Tiutin

Doctorate and PhD in Natural Medicine

Quantum University's Onsite and Online Events provide our students and graduates with the opportunity to network with thousands of other professionals and build lasting relationships with like-minded health practitioners that could potentially further their career and develop friendships that will last a lifetime.

Due to the recent pandemic, our events have been on hold, but we are looking forward to our new upcoming events in 2024 and beyond.

We host events in Hawaii such as:

World Congress of Integrative Medicine

Quantum University's Graduation Ceremony

Practicum Workshops in Integrative Medicine

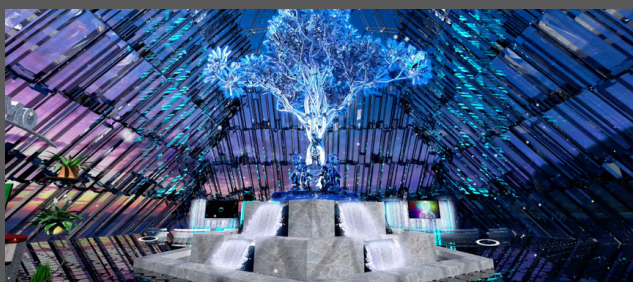

Hawaiian Sunset Dinner Cruise Celebration

We sponsor online events such as:

Project Noosphere

Facebook Community

General Policies and Information

Bachelor's Prerequisites:

To be admitted into a bachelor's degree program at Quantum University, you must have completed a High-School Diploma or GED and be proficient in the English language.

Bachelor of Completion Prerequisites:

To be admitted into a Bachelor of Arts or Science Completion degree program at Quantum University, you must hold an Associate, Bachelor, or Master of Arts degree in a non-health-related major. For those holding Art degrees, the transcripts must include courses in ethics, communication, and psychology. For Science degrees, the transcripts must include courses in ethics, communication, psychology, anatomy, and nutrition.

Master's Prerequisites:

To be admitted into a master's degree program at Quantum University, you must hold a Bachelor of Science degree in a health-related major from a private, nationally, or internationally recognized institution and/or be enrolled in a Bachelor in Holistic Health Sciences degree program at Quantum University.

Doctorate Prerequisites:

To be admitted into a doctorate program at Quantum University, you must hold a Master's or Doctorate of Science degree in a health-related major, or a medical degree for physicians, acupuncturists, chiropractors, dentists, and psychologists from a private, nationally, or internationally recognized institution and/or be enrolled in a master's degree program in Holistic Health Sciences or Natural or Integrative Medicine at Quantum University.

Doctorate of Completion Prerequisites:

To be admitted into a Doctorate of Completion degree program at Quantum University, you must hold a Doctorate of Science degree in Alternative, Natural, or Integrative Medicine, or a naturopathic degree from a private, nationally, or internationally recognized institution. The transcripts must include courses in ethics, communication, psychology, anatomy, advanced nutrition, herbology, children's health, and body chemistry. The Alternative, Natural, or Integrative Medicine degree transcript must also include courses in biofeedback, biology, auriculotherapy, hypnotherapy, neurolinguistic programming, homeopathy, and aromatherapy.

PhD Prerequisites:

To be admitted into a PhD degree program at Quantum University, you must hold a degree in Alternative, Natural, or Integrative Medicine from Quantum University or be enrolled in a Doctorate in Alternative, Natural, or Integrative Medicine degree program at Quantum University.

Admissions Requirements:

To enroll, students must read, sign, and submit a Registration Form (Application for Enrollment), including payment method via electronic signature, to their Admission Advisor.

Transcript Requirements:

Prospective students must submit documents confirming their prior education such as transcripts, diplomas, and certificates. All documents must be from privately, nationally, or internationally recognized institutions. Please email a scanned copy to info@quantumuniversity.com. Prospective students may also mail official copies to 735 Bishop St. Suite 200, Honolulu, HI 96813.

Restrictions:

Bachelor, Master, Doctorate and/or PhD degree programs in Holistic, Alternative, Natural and/or Integrative medicine are NOT equivalent or comparable to a Doctor of Medicine (MD) or a Doctor in Naturopathy (ND). Only Medical or Naturopathic Doctor Universities with residential education can issue M.D. or N.D. degrees.

Signature:

The title "Doctor" or "Dr." can create confusion in states and/or provinces where the designation "Doctor" or "Dr." is protected by either professional boards or the government. When advertising, a practitioner must have a PhD degree in order to use the appellation "Doctor" or "Dr." He/she must also state their level of education and the type of certification, such as "Dr. John Smith, DNM, PhD, Doctor of Natural Medicine."

Integrative Medicine:

In North America, only medical doctors, registered nurses, or other licensed medical professionals are eligible to enroll in the Master, Doctorate, and PhD in Integrative Medicine. The title of Doctor in Integrative Medicine (I-MD) or Board Certified in Integrative Medicine (BCIM) is a professional credential reserved for licensed healthcare practitioners such as medical doctors, registered nurses, and/or licensed practitioners.

Refund Policy:

All payments are non-refundable. However, they are transferable to any other IQIM courses or programs of the same value.

Not Included:

Any fees associated with required textbooks, additional educational materials, certification memberships, possible internships, and mentorships are not included in the cost of tuition.

Smart Tab Specifications:

The bachelor's, master's, doctorate, and PhD programs, are available on a Smart Tab Tablet. Please allow 2 to 4 weeks for processing, set up, and mailing. Shipments outside of the United States may be subject to International Customs, Duties, and Taxes.

Now that you are ready to empower yourself with the knowledge and credentials that will enable you to launch a rewarding career and help others through the practice of Natural and Integrative Medicine. You can confidently tell your Admission Advisor that you are ready to move forward and begin your degree program at Quantum University.

The Quantum Family is Growing Worldwide!

250,000+ Reach

118+ countries

11,000+ Total Students & Graduates

We believe in Affordable Tuition for Everyone.

Quantum University's degree programs cost only a fraction of most private colleges and universities. Additionally, the online learning platform at Quantum University permits you to work full-time while you study, enabling you to maintain a steady income.

At Quantum University, we help students access an in-depth education leading to a successful career for less than the average cost of a bachelor's program, and we do it so that our graduates can be debt free when they embark upon their career in natural or integrative medicine.

Tuition costs are customized based on your educational background and the level of higher education you want to pursue. Many financial options for investing in your future are available, and our Admission Advisors can help you find the option that's right for you. Please contact our Admissions Department so we can provide you with individualized tuition and tuition awards tailored to your practical needs, budget, and goals.

The variety of courses and degrees offered, the outstanding student support, the great value in the cost of tuition, and the convenience of online learning make Quantum University degree programs the perfect fit for you.

"Everybody was so patient with me and so helpful and so supportive, so thank you very much. This degree has empowered me and given me credibility. I enjoyed the whole process."

Nicole Nichelle Woods

Tuition Options

Quantum University offers a variety of tuition plans including an in-house financing program with no interest and no credit check. This allows students, with a minimum payment every month, to be able to afford their education without going into debt. Each tuition plan includes a choice of tuition awards to reduce the cost of tuition, and most plans include free educational tools such as a Smart Tab Device or BrainTap. Tuition programs are also available to students who want to find other creative ways to reduce the cost of tuition by volunteering their time to help their community.

Tuition Plans

At Quantum University, we have four tuition plans or payment options for students who pay:

- 1)Tuition in full at registration.**
- 2)\$5,000 down with installment payments.**
- 3)\$2,500 down with installment payments.**
- 4)Only in monthly installment payments.**

Tuition Awards

A Tuition Award is a discount reducing the cost of tuition for new students at Quantum University through our Humanitarian Program. All tuition awards give a direct financial reduction on a student's tuition cost at enrollment. Some tuition awards are also combined with educational tools such as a Smart Tab Device and/or BrainTap Device. Tuition awards are only limited by the tuition plan you choose. Therefore, if a student chooses a tuition plan with a higher down payment, he or she can receive more benefits and a higher tuition award to help lower the overall cost of tuition.

Educational Tools

Quantum University offers educational tools such as a Smart Tab Device and/or BrainTap, depending on the tuition plan a student chooses during the admissions process. The Smart Tab Device is loaded, formatted, and customized according to each student's specific program. The BrainTap is a unique headset that combines light and sound frequencies, and guided meditations to facilitate course reviews resulting in higher retention and memory formation. Both these educational tools greatly benefit the learner during his or her student experience.

"The iPad enabled me to watch and study between my work schedule."

Sahika Cahela Riley

Tuition Programs

Even with Quantum University's affordable tuition, some students still need more financial assistance. To help students find more creative ways to reduce the cost of tuition, we have created tuition programs that facilitate incentives and exchanges to benefit both the students at enrollment and the world upon graduation.

Humanitarian Program (Most Popular)

A student can receive a tuition award upon enrollment in exchange for hours of service that he or she commits to volunteering in a Clinic for Humanity after graduation, and is rewarded with the title of Quantum Hero.

Quantum University honors Dr. Charlene Reeves, PhD as a Quantum Hero.

Since 2009, Quantum University has donated over **1 million dollars in humanitarian awards** for its students so that when they become graduates, they volunteer over **10,000 hours of philanthropic services** in their communities. This is just the beginning. With over eleven-thousand students in more than 118 countries, the **potential social impact** of implementing Humanitarian Awards will have an exponentially **positive impact worldwide**.

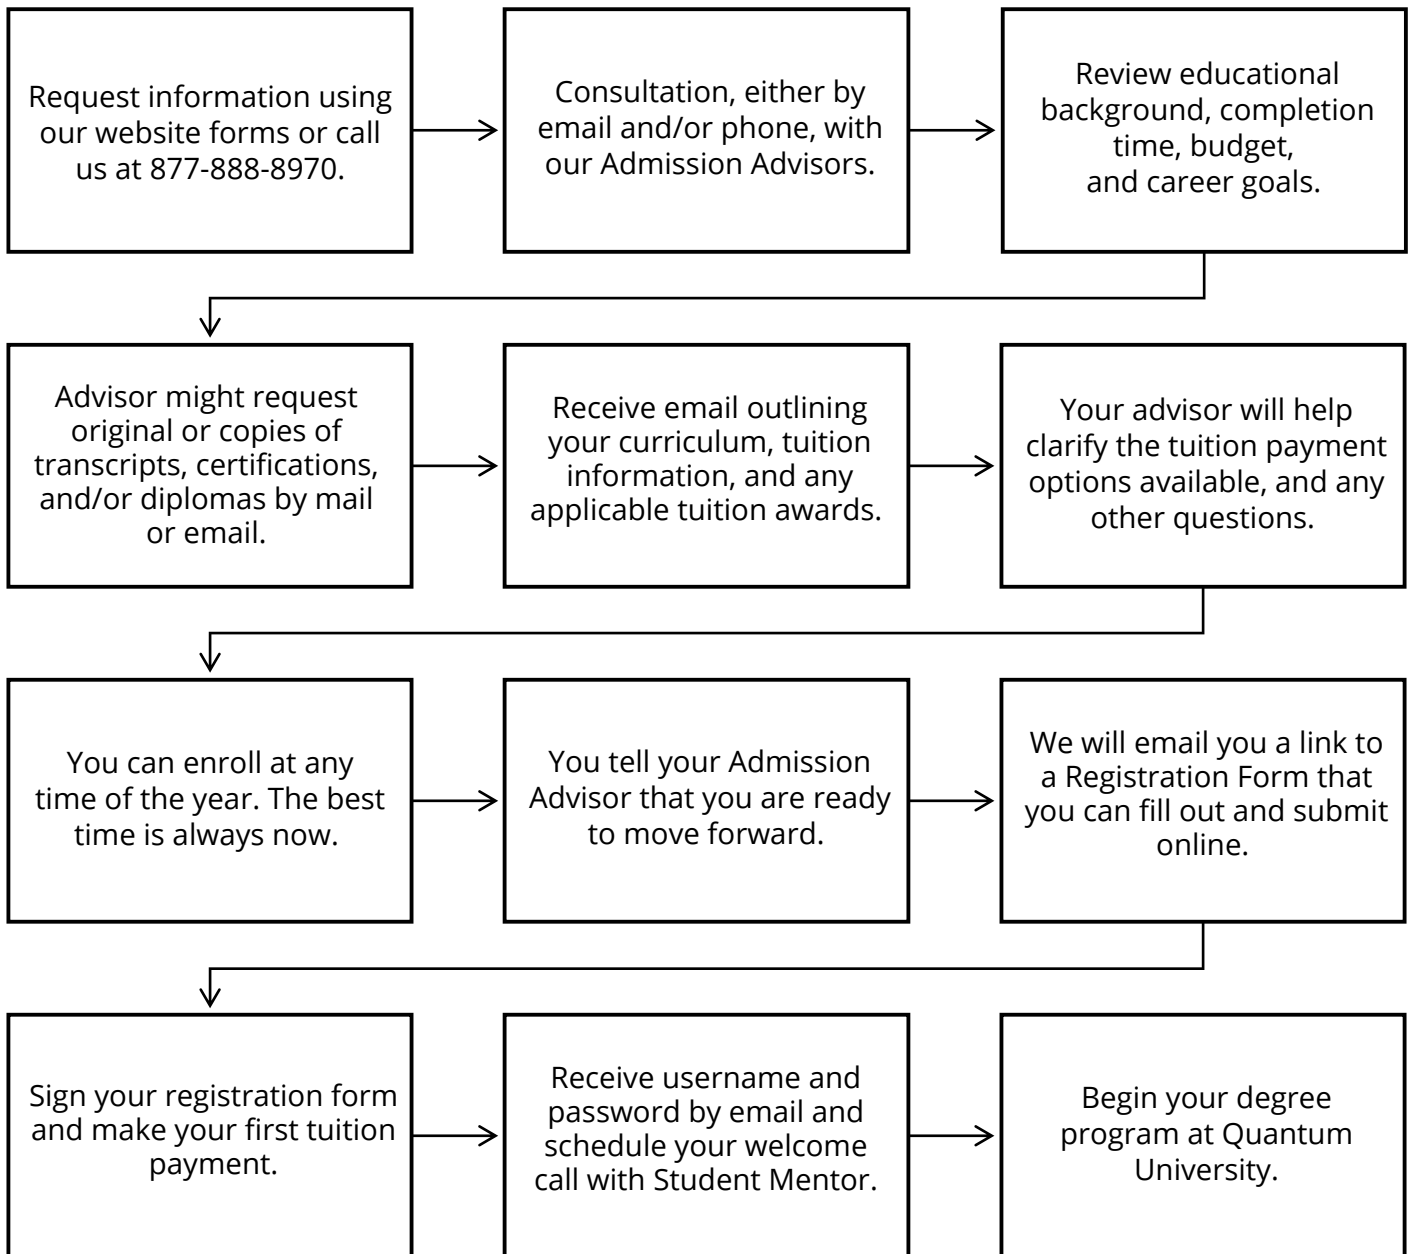

**“To change
is to act greater
than the ... self.”**

Dr. Joe Dispenza

Welcome to the beginning of your journey...

Admission Process

We take your admissions process very seriously. We know this is an important decision in your life and career, and we are here to support your journey and help make your professional and personal dreams come true.

**An Admission Advisor
is your personal guide
to Quantum University.**

**Our advisors are
friendly and great
listeners. Their only
goal is to help you
achieve yours.**

To get in contact with an Admission Advisor, submit
a Request Information form on our website
www.QuantumUniversity.com
or call us at 877-888-8970.

**“Yes. I would
recommend
Quantum
University.”**

Jeanne-Rachel Salomon

**“If you love it,
go for it.”**

Rebecca Sherry Eshraghi

**“Enroll and
jump in with
both feet...
it's a great
experience.”**

Linda Thom Rosiak

Take the next step and start an exciting, successful, and meaningful career by enrolling in an online Degree Program in Natural and Integrative Medicine at Quantum University. Join the thousands of students just like you from around the world who decided to change their lives, find their purposes, and follow their dreams.
